Information for competitors at Grafton Dog Obedience Club Inc Tracking or Track & Search trials

When competing at our club's Tracking Trials or Track & Search Trials, you are also expected to assist at the trial. You may be asked to arrive prior to the event to assist in setting out tracks for the following day's competition. An enormous amount of work goes into running Tracking and Track & Search trials and as a small regional club it is impossible for us to run large events without the assistance of all competitors. We look forward to you being part of our extended GDOC family.

When competing at our club's Tracking trials & Track & Search trials

By entering our trial you agree to abide by the club's rules for this event; to being available to help as needed at the trial; to arrive on the nominated day, close to your nominated time, and understand that failure to advise the Trial Secretary of any change to your arrival day and time may result in your track being cancelled. In accordance with ANKC rules, bitches in season are not permitted on the grounds. All entire bitches on the grounds are to be vetted each day, including those that aren't competing.

For further information see our club's "Tracking Trial Information, Rules and Guidelines for Competitors, Stewards, Tracklayers & Helpers" on our website www.graftondogobedience.com
